

US 36 Express Lanes Public Meetings

Construction is starting this summer on the US 36 Express Lanes Project. The \$312 million multi-modal project will build an express lane in each direction on US 36 from Federal Boulevard to 88th Street in Louisville/Superior. The lanes will accommodate High Occupancy Vehicles (HOV), Bus Rapid Transit and tolled Single Occupancy Vehicles. In addition, the project will replace several bridges, build a commuter bikeway, add Bus Rapid Transit improvements, and install Intelligent Transportation Systems (ITS) for tolling, transit, and traveler information, and incident management.

The Ames Granite Joint Venture team is the design-build contractor for the project, which is scheduled to open to the public in January 2015. Please join us at one of the following public information meetings to learn more!

July 25, 2012 6:30 to 8:30 p.m.

- Broomfield High School – Auditorium
1 Eagle Way
Broomfield, CO 80020
